On-site & Off-Site Ceremonies

TOSA Blue Mountain is home to an authentic Mayan Ceremonial site. Sri & Kira were blessed by BOTH the High Priest of the Mayan and the High Oracle of the Maya to personally create each ceremony. This is a rare treat as these active priests who normally do not make themselves available to "outsiders" spent many years with Sri & Kira.

Sri & Kira prefer that a ceremony be reserved in advance and make the final decision if they are willing to offer you a ceremony based upon your highest good.

This ceremony is the real thing! It is not a "tourist ceremony." If Sri & Kira agree, they will select the day during your stay with that best suits you according to the unified energy of Ascended Numerology, The Mayan Calendar and your intentions.

Day Trips to Nearby Ingapirca, Chobshi, Museums, Artisan Villages, Panama Hat Factory, Orchid Farm & More!

Our deep bond with the local Canari offer you optional Day Trips to sacred & local artisan sites with personalized access. Ingapirca, Chobshi and other local gifts of magic not commonly accessed by tourists, including off-site ceremonies.

A cosmically AWAKE ancient site, Ingapirca is known as the Machu Pichu of Ecuador...and with GOOD REASON! Sri & Kira tangibly feel the Goddess energy that sustained this site. This presence ignites a divine cosmic portal! Private Energy Tour of Ingapirca with Sri & Kira available... Please ask for details!

Safe, reliable and comfortable transportation included.
