The Unique Ceremonial Experience of San Pedro, known locally as *Huachuma*, at TOSA Blue Mountain

At TBM we lovingly cultivate this divine **entheogenic*** plant in complete harmony with the Ascended energies and paradigm shifts that many are sensing and experiencing--here in the Andean valley where this medicine has grown wild for 1000's of years.

Sacred medicine has been held in the hands of the Medicine Men and Women with reverence for thousands of years because when any sacred medicine is ingested with conscious intention, in combination with the ability to be with those that can facilitate your sacred intention, it becomes the great gift of conscious connection and expansion. Creating space for that which is more authentic to come forward, positively shifting our lives and consciousness.

The Consciousness Connection

This is a shift from an egoic or 'separate-self' identity into a deeper realization that we ARE this Consciousness Field at the foundation of our Self that connects ALL. For those of us who have *awakened or sensed* this Reality, Huachuma can amplify our Being-ness while assisting to reduce the ego-mind, to enhance or deepen this 'seeing.'

This does not mean one stays forever in the cradle of the Infinite, however knowing and viscerally connecting with our 'true nature' allows us to move forward in our lives, operating at all of the relative levels more consciously. This is the ultimate goal of a sincere spiritual seeker: to reconnect with Oneness completely, and without doubt! *

An *entheogen* is any psychoactive substance that induces a spiritual experience and is aimed at spiritual development.

Living in the material world of density has, for many of us, called forward blocks to seeing this truth. We may or may not be aware of the depth of these blocks. The illusions created as part of our world view can bring up fears, doubt and anxieties that are often challenging.

Knowing this – we can work consciously with those blocks to shift them when walking through the journey.

At TOSA Blue Mountain, we create an environment that supports you to deeply connect with your Source field to transform, heal, and expand by seeing the beauty of your divine self and connecting with your infinite nature in ways that will forever assist you. We have found that this approach invites your journey to be deeper and ever more permanent.

TOSA Blue Mountain offers TWO different Sacred Huachuma Plant medicine Options! Please continue reading to discover more...

Sacred Intention Setting Tea Ceremony:

Your Huachuma Journey at TOSA Blue Mountain begins with a Sacred intention-setting ceremony the evening before your journey at the four directions fire pit and Temescal. Here you will meet Sri & Kira, who will introduce you to two sacred & non-entheogen medicines found here in Ecuador: Dried Guayusa leaves from the Amazon and Cocoa husks. A gentle & loving tea, prepared to assist you with your clarity and intentions for the Journey. Sri & Kira, along with your on-site San Pedro Guide, will discuss the journey with you, answer your questions and set the beautiful and power-filled energy for the following day. Afterwards, relax by the fire, gaze at the stars above and drink in the Peace-filled warmth of your sacred Tea.

Enjoy your Ceremony in a group or private setting. Sri & Kira have been guiding Sacred Plant Medicine Journeys together for nearly 20 years.

Option I: TOSA Blue Mountain Sacred Huachuma Medicine Experience

On the morning of your Journey, meet your San Pedro Guide (At one of your favorite spots on campus! E.g. Temescal, Water Therapy Center) who will assist you with ingesting the medicine and making sure that you're comfortable. Your San Pedro Guide will check in and assist you throughout the day.

During your Journey, you are free to connect with the land in a variety of beautiful & sacred spaces!

The Meditation Caves with expansive views of the Compadres Mountains and Inter-Andean valley, visit "Old Paute" our 300+ year old & lovingly restored space for connection, A beautiful yoga studio with bamboo floors, Indian artifacts & art and stunning views, humming birds and incredible flora & fauna to observe, enjoy The Water Therapy Center with heated pool, Jacuzzi and Fountain of Creation... SO many incredible spaces to choose from! Relax and Ascend into the Truth of who you are while feeling safe, supported and rejuvenated!

Option II: Group Ceremony with Local Indigenous Cañari Elders & Lineageholders

Coming with a group of friends/family? Are you a retreat leader and would like to bring your group to experience authentic San Pedro Ceremony as practiced by local Cañari Medicine men and women? Alexander Padilla is a local Tita, Shaman from the province of Cañar; He and his Cañari brothers & sisters will take you on a Huachuma journey of ceremony filled with music, traditionally prepared tobacco, sacred water & cleansing rituals and tremendous heart here onsite at TOSA Blue Mountain. *This option is dependent on availability and only on weekends. Email Services@TosablueMountain.com for details.*

Questions & Answers

Please read this brochure in its entirety. If you have more questions we encourage you to ask prior to reservation!

Is this a Drug and is it legal?

San Pedro is considered to be a drug in that it will induce a freedom from constriction and set your mind free. In Ecuador it is 100% legal to grow, process and offer San Pedro as a Sacred Medicine.

How is TOSA Blue Mountain San Pedro Cultivated?

Onsite cultivation and preparation assures our cactus are grown organically and are in divine harmony with the higher frequencies.

What can I expect during my journey?

Each journey is unique. Your journey will begin on the first night with a Sacred Tea Intention Ceremony and a light dinner. The next morning your journey will begin 8 am and will last anywhere from 8- 18 hours.

How is this different from Ayahuasca?

Due to the method of processing most people will not experience the vast “vomiting” that is common in Ayahuasca. However, a purge is not uncommon and usually has emotional underpinnings. San Pedro is a “loving” experience of the Heart and often lends itself to processing and sharing the experience whereas Ayahuasca is typically a solitary journey.

Will Sri & Kira be personally guiding me?

Sri & Kira will be personally involved in your pre-journey and assisting with your Sacred Intention. They will be onsite during your journey and be with you as you enter the Integration phase. Based upon your experience they will also offer additional modalities as needed. Your journey day will be spent with your San Pedro Guide, a VERY seasoned journey professional, thereby assuring your safety and success!

What is different about a Huachuma Journey at TOSA Blue Mountain versus other locations?

There are many offerings available throughout Ecuador and Peru to experience San Pedro medicine. Often these are hosted as group experiences and will include a variety of people, all with different intentions. This journey is truly NOT for those who are seeking to “get high” or “check out”. Please go deeply within and discover WHY you are seeking this experience...let your heart guide you! TBM San Pedro Journeys have been specifically designed for those who are ready to dive deeply and honestly into the depth of their divine nature. Our sacred intention is to offer unique and personalized experience that is crafted for you to access Ancient Wisdom and call forward the blessing of the Oneness Experience. This is a journey of discovery of the depth of the heart.

TOSA Blue Mountain has unique services available that can be combined into a package or simply enjoyed as your heart calls!
